Purpose of Donation and Date Needed by:

** All donations will be evaluated based on money available, purpose of the donation, and other prior donations received by requesting family. Donations requests must be submitted to a CMFCAA staff member 60 days prior to the donated item being needed. This is due to the process that the staff will have to go through with the board, which only meets once a month. Requests made on an emergency basis that could not have been predicted 60 days prior will be handled separately. "Emergency Basis" situations will be determined by the staff and Executive Board Members.
